

Guidelines for the International Color Consortium (ICC) Implementation of the ITU-T/ITU-R/ISO/IEC Common Patent Policy

The document “Guidelines for Implementation of the Common Patent Policy for ITU-T/ITU-R/ISO/IEC (1 March 2007)” has been adopted by the ICC as its patent policy. Rather than modify this document to make it specific to the ICC, the following interpretations and clarifications shall be applied.

General

All statements that relate to ‘ISO’ shall be interpreted as applying to the International Color Consortium (ICC). Statements that apply uniquely to the ITU or IEC do not apply to the ICC.

References to the ISO CEO and the offices of the CEO shall be interpreted as referring to the ICC Secretary.

Part Specific

Part I, Section 2—Explanation of Terms

Recommendations/Deliverables—The ICC deliverables are the ICC Specifications (for example the ICC Profile Format Specification) and ICC White Papers.

Technical Bodies—The ICC Technical Bodies are the ICC Working Groups and Special Interest Groups.

ANNEX 1 shall apply to the ICC.

ANNEX 2 is replaced by the ICC specific "Patent Statement and Licensing Declaration Form for ICC Specifications and White Papers".
